October Newsletter from the

Greetings NHSACA board members and directors! Hopefully everyone is navigating our unique time in history as well as possible and all are staying healthy. Again, I want to wish all of you a happy National Coaches Day this past October 6. It's not a widely known day, but hopefully you were reminded in some way how valued and important you are.

Not an extremely full plate of information this month since much of the normal October information relates to the Coach of the Year rosters, which is already done with the postponement of the convention last summer. We have not had sponsors for specific sports in the recent past, but with sport chairs not scoring rubrics this year, some of that time could be spent securing a sponsor for your sport. Terms are negotiable, but if we can find some interest, we can go from there! I would invite you to check out our website at <https://www.hscoaches.org/> and also our Facebook at <https://www.facebook.com/NationalHSACA> and our Twitter at <https://twitter.com/nhsaca>. Lastly, please keep active on our goal of working outside of the convention with our committee work.

With the postponement of the convention, what we would normally be doing and discussing in the fall has already been done. We have covered our strange times, importance of coaching, and where we should head as an organization in previous newsletters. Since I'm a social studies teacher, I thought I could give some history of coaching, but that didn't get me very far. Then, I thought I could discuss some of the great coaches in history. As I was looking into that, I found some stories about these famous coaches I could share and then.....

it hit me. I absolutely love listening to coaches, young and veteran, tell coaching stories. They make me laugh, inspire me, keep things in perspective, and keep me going.

So, this newsletter will be "interactive". Unprecedented times calls for unprecedented action. If you are willing, "reply all" to this email and share a coaching story. It can be about someone that coached you or from your coaching days. I will share a few stories, and I look forward to hearing from you!

I was at my first NHSACA convention in Louisville, and a board member introduced himself to me and struck up a conversation. He could not have been any nicer in making me feel welcomed. He made an off the cuff comment about the McDonald's All American game. I did a mental double take and thought who is this guy? After our conversation, I Googled his name and let out gasp. Turns out, this down to earth gentleman was a LEGEND and none other than Ed Kershner. I felt honored that someone that accomplished went out of his way to talk to little old me.

In baseball my senior year, I was benched. I had never been benched (not that I was all that great). I didn't know how to react and really just sat there. I was angry, embarrassed, and hurt. After the game my coach told me why he took me out and what he saw from me after I was taken out. He was honest and taught me valuable lessons on teamwork

and being a leader that I use today in making those same types of decisions.

Early in my track career we had three main throwers. One was a freshman with a lot of talent and would later be a state champion discus thrower. He threw shot and discus. We had a senior who threw just discus and was well below average. He worked hard and it was really important to him. Then, we had a junior that had not been out before and was new to throwing. We asked him to just focus only on the shot. Partly because that's where his interest was and partly because the ONLY thing the senior could do was throw discus. He had been out all 4 years and been loyal to the program and we respected that.

Towards the end of the season, junior started to experiment with the discus. The week of our last meet, my assistant coach told me the junior was looking "really good" in the discus and might be better than the senior. We happened to have been in the worst discus district I have ever seen (top 2 would go to state). I tossed out a number and asked if he thought he could throw it far. His response was absolutely. I had not entertained the idea of making a switch until then. We were not going to win districts, and I wasn't going to destroy a seniors last athletic event on "might", but if this junior had a chance to go to state even if unlikely..... well, that changed things.

I felt I owed the senior a shot to keep the spot, but also the junior still needed to take it. At our last meet, I told them the junior would throw JV and the senior varsity. Whoever threw further would throw at districts. Throwing into a stiff wind, the junior threw one foot further. The senior was devastated, and I felt horrible. On the way to the meet, I got a text from the senior's parents saying they wanted a meeting with the principal on Monday. I was ready to vomit. At that moment coaching was NOT fun in any way. But as the junior stepped into the ring for his first varsity throw, which happened to be the first throw of the meet, and he absolutely uncorked a monster throw..... coaching WAS fun.

He and our freshman both qualified for state, and the junior would return the next year and not only qualify for state but place at state in both the shot and discus. I also got a text Monday morning that our meeting with the principal had been canceled and not rescheduled. One of the best feelings I have had as a coach wrapped in one of the worst. That's the tightrope coaches balance all the time.

Michigan High School Coaches Association Distinguished Service Award is one of our highest awards for services and contributions to sports in the state of Michigan.

The MHSCA Distinguished Service Award:

MHSCA recognizes individuals and organizations who have provided extraordinary service to educational athletics, the advancement student athletes, coaches, or those who serve interscholastic athletics through its Distinguished Service Awards.

The Distinguished Service Award (DSA) is given to a person (or persons), either volunteer or staff, who have exhibited valuable professional service (within the MHSCA or among its association membership) including academically, supportive, service, or assistance distinction at any level of interscholastic athletics. These criteria are good measures of acceptable candidates and help to assure that recipients have a wide range of "service" that they provide to the profession of interscholastic athletics. Nominations should be submitted on an individual basis, not by a group or on behalf of constituent groups (conferences, affiliates, assemblies, committees, etc.).

The MHSCA Distinguished Service Award does not need to be awarded each year. This award should be bestowed only when the MHSCA Board of Directors committee decides that nominations warrant presentation of the award. This award may be given posthumously.

Why nominate a deserving candidate for the MHSCA Distinguished Service Awards:

- To recognize person who has positively impacted interscholastic athletics in a significant way;
- To recognize institutions for their affiliation with individuals who demonstrate the highest level of professionalism and commitment to interscholastic athletics;
- To confirm and honor a superior servant by his/her peers and colleagues;
- To celebrate individuals who epitomize the profession's highest standards for interscholastic sports;
- To focus attention on the exemplary, and by doing so to elevate the profession overall and establish a high standard of excellence in promoting, supporting or contributing to interscholastic athletics;
